VESLOG

SAP GLOBAL TRADE SERVICES

Managing international trade processes can be challenging at times. Get to know more about SAP Global Trade Services, a platform that supports your vision for global trade.

Global trade rules and frame have been, and are an essential part of the international supply chain. Since centuries, the nations' growth and decline has shaped the trade relations between states and regions. In the modern post-industrial dynamic international environment; the respect and adherence to this normative is equally source of constraints and opportunities. SAP provides a stable, robust and expert IT framework to protect and boost your international business relationships.

Main advantages

Benefit from the Deep Functional and Global Coverage

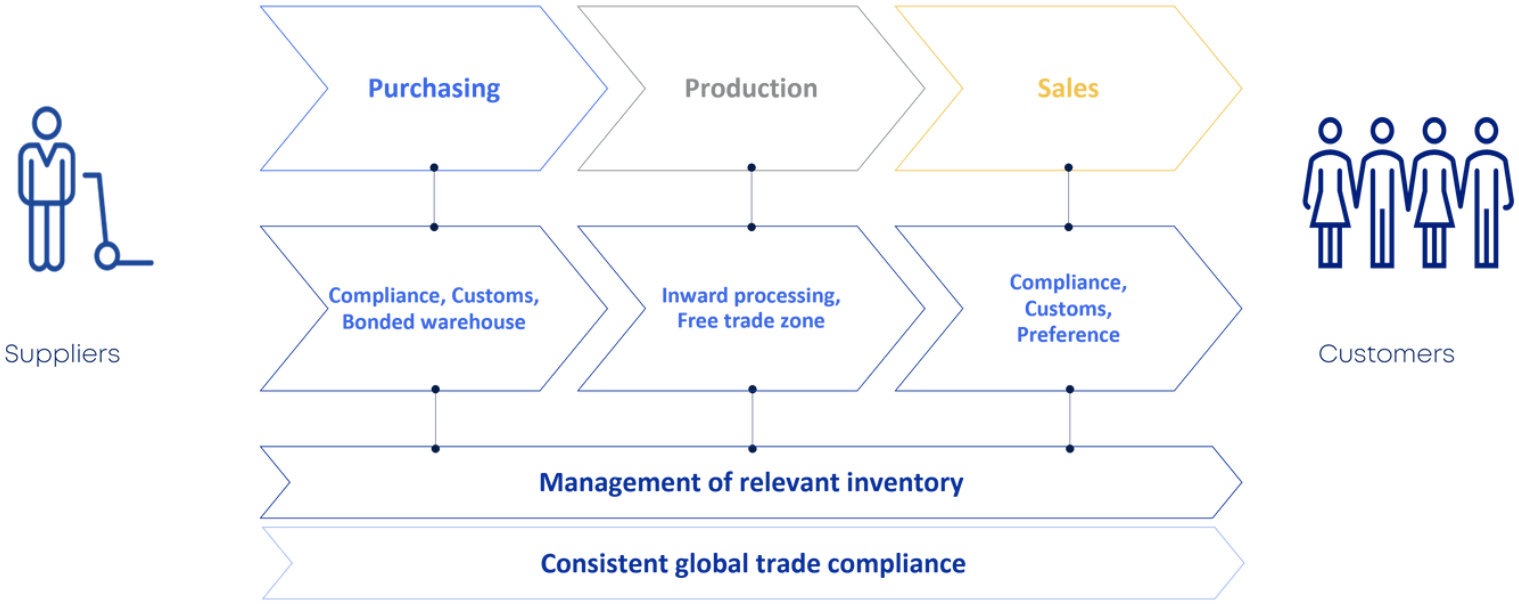
SAP Process Integration



Partnership

VESLOG and Wisdom Treasury teams have been working hand-in-hand on GTS implementations for over 5 years. Global trade is deeply integrated and firmly rooted in the supply chain. The SAP TM/EWM/S4 expertise of VESLOG unites perfectly with the Wisdom Treasury SAP Global Trade knowledge. Furthermore, VESLOG provides deep technical expertise which is leveraged on all levels during the implementations.

About Wisdom Treasury Consulting

Wisdom Treasury Consulting is an implementation partner specialized in the area of SAP Global Trade with focus on implementation and process re-engineering. Throughout the years, WT has developed a deep and niche expertise in the Global Trade – from legal framework to process engineering, system implementation, project management and service delivery. A dedicated team delivers for corporate business in UK and EU with focus on Western and Central Europe and closely collaborates with the SAP GTS product team in Walldorf.

About VESLOG

VESLOG (formerly known as Lomansys Europe) is an established leader in supply chain execution consulting services. We help our customers integrate their supply chains using cutting-edge SAP solutions, such as SAP TM (Transportation Management), SAP EWM (Extended Warehouse Management), SAP YL (Yard Logistics) or SAP LBN (Logistics Business Network). VESLOG believes in organic and consistent development, building a reputation based on harmonious cooperation with both customers and the software supplier. We derive satisfaction from sharing knowledge and building unique competencies.
